

# Stretched Bird Base

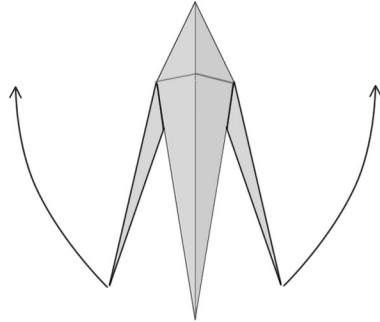

Diagrammed by Mari Michaelis ©2009  
<http://www.marigami.com>

Begin with a Bird Base

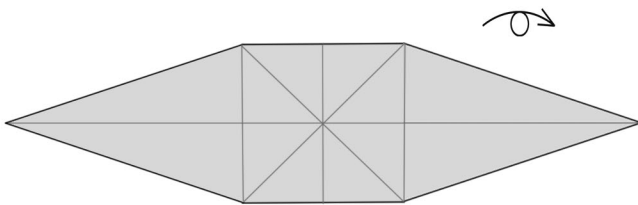

1. Make a stretched Bird Base:  
Reinforce the horizontal valley fold on all 4 sides.

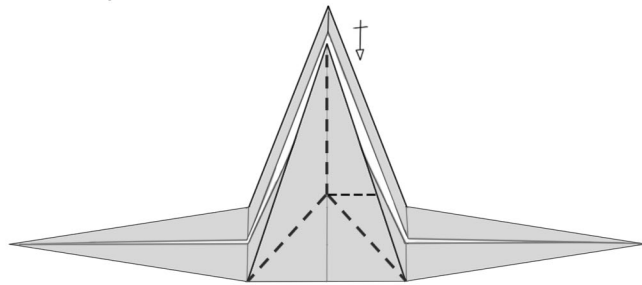

2. *Side view.* Pull 2 opposite points out as far as they will go, flattening the top triangle into a square.

3. *Top view.* Model is 3-D. Turn over.

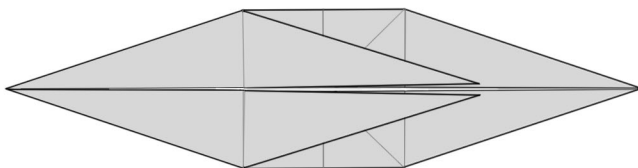

4. Rabbit ear the flap standing up and flatten. Repeat behind.

5. Stretched Bird Base complete.
